SUMMARY

Senior Full Stack Developer with over 7 years of experience in web development, automation, and AI. Proficient in Python, Node.js, and JavaScript, with a proven track record of designing and implementing high-quality solutions. I excel in building full-stack applications, developing automation frameworks, and leveraging AI for innovative solutions. My expertise includes building scalable web applications using React, Next.js, and MongoDB, and creating robust automation scripts with Python and Node.js.

KEY COMPETENCIES

Typescript	RAG	Docker
Node.js	LLMs	Azure Cloud
Python	Prompt Engineering	MongoDB

PROFESSIONAL EXPERIENCE

Intact Financial Corp - Hybrid, Toronto

Dec 2021 - Present

Senior Software Developer

At Intact, I contributed as a Senior Software Developer, focusing on building and enhancing tools for commercial stakeholders using React, Next.js, Node.js, and Python. I developed a full-stack dashboard, automated testing frameworks, and implemented static code analysis with SonarQube. My work streamlined development, improved code quality, and optimized performance across projects. Implemented AI PR Review system, that cut the review time and resources by 50%

Enaar Solutions - Remote

Oct 2022 - Present

Senior Full Stack Developer and Founder

At Enaar Solutions, as a Senior Full Stack Engineer and Founder, I designed, developed, and maintained multiple projects, including a high-traffic web application and a social media automation solution. I built a full-stack retrieval augmented generation (RAG) application using Next.js, Express.js, and OpenAI, and enhanced quality benchmarks with SonarQube. My work served over 10,000 users, achieving a 96% customer satisfaction rate while driving innovation and quality in product development.

NexJ Systems - On-Site, Toronto

Jan 2020 - Dec 2021

Intermediate Software Developer

At NexJ Systems, I developed and enhanced CRM solutions using JavaScript, Java, and Scheme, delivering full-stack features for clients like Wells Fargo Advisors while working in an agile environment.
